TRIP-TSB Laboratory Fee Schedule
(effective September 1, 2015)

Pathology Department Faculty discount (main PI on fund is pathology faculty) = 50%
ICTR-funded projects receive subsidized rates

Project Set Up Fee = $75.00
TRIP Staff Labor/Consultation Fee (where needed)*...........$35/hour
Pathology Faculty Consultation Fee (where applicable)*...$100/hour

HISTOLOGY SERVICES

</table>

Special Stain I
- Amyloid
- Bile
- Elastic
- Giemsa
- TolBlu Mast Cell
- PBR
- PTAH
- Iron Hematoxylin
- Alcian Blue pH 2.5
- Picrosirius Red
- Slide boxes* (2-slide to 100 slide storage)..............$0.50 – 9.36
- RNASE-FREE set up technique.............................$16.07
- Immunohistochemistry...................................$40.71 Per slide
- Immunohistochemistry, multi-plex per each additional antibody.... $28.82 Per slide
- In situ hybridization per slide (does not include cost of probe)... Pricing in progress
- Tape Transfer Slides*.......................................$29.12 Per slide
- Tissue Microarray........................................$122.57 Setup first block per project, $62.13 Per additional block
- Core Punches...............................................$7.40 Each
- Tissue Microarray sections (TSB Inventory)... Tiered pricing, please inquire
- S&H/courier charge – on site (one way)..... $10.03
- Unstained Control Tissue Sections.....................$7.00 Per section

Special Stain II
- Ziehl-Nielsen
- AFB
- PAS
- Calcium
- Gram
- PAS
- Mucicarmine
- Trichrome
- MGP
- Alcian Blue pH 2.5
- LFB
- Oil Red O
- GMS
- Reticulin
- Grimalius
- Dieterle
- Col-Iron
- Lester King/Bielchowsky
- Fontana-Masson
- Grocott-Methenamine AgNO3
- Fraser-Lendrum Fibrin

Special Stain III
- GMS
- Reticulin
- Grimalius
- Dieterle
- Col-Iron
- Lester King/Bielchowsky
- Fontana-Masson
- Grocott-Methenamine AgNO3
- Fraser-Lendrum Fibrin

MOLECULAR SERVICES

Equipment Usage:
Unless otherwise noted, user provides reagents and consumables.
Training will be done by TRIP personnel (no exceptions) at $35.00/hour.

NanoDrop Spectrophotometer........................................... $2.50 first reading, $0.10 each add’l reading
Real time PCR (Roche Light Cycler)............................... $10.00/usage
Thermocycler (Eppendorf)............................................. $10.00/usage
Gel box & Power source.............................................. $7.50/gel (agarose & TBE provided)
Automated nucleic acid extraction – Maxwell 16
(Promega)..................................................................... $10.00/usage

Services:

TRIP Client Price

UWCCC Price

Qualitative/Quantitative real time PCR
prorated cost of kit included
$19.00 first rxn/run (incl appropriate QC),
$4.75 each add’l
$13.30 first rxn/run (incl appropriate QC),
$3.33 each add’l

Qualitative/Quantitative real time RT-PCR
prorated cost of kit included
$35.00 first rxn/run (incl appropriate QC),
$8.75 each add’l
$24.50 first rxn/run (incl appropriate QC),
$6.13 each add’l

DNA from FFPE samples
prorated cost of kit included
$17.50/sample
$12.25/sample

RNA from FFPE samples
prorated cost of kit included
$22.50/sample
$15.75/sample

Bidirectional DNA Sequencing
$25.00/PCR product
$17.50/PCR product

Agarose Gel Electrophoresis
$25.00/gel
$17.50/gel

Manual Macrodissection
$16.00/sample
$11.20/sample

DNase-free treatment
$1.30/reaction
$0.91/reaction

Microfuge tube freezer storage box*
$3.10/reaction
$3.10/reaction

LCM SERVICES

TRIP Client Price

UWCCC Price

Unsupervised use (external users)................. $60/hr
Assisted Service (assisted by TRIP Lab)......... $93/hr
Performed by TRIP Lab................................. $137/hr
Cap and slide............................................... $25.00 ($14 for each additional cap)

*these fees are not subsidized
