

# UW Department of Pathology and Laboratory Medicine

## Translational Research Initiatives in Pathology

### TRIP-TSB Laboratory Fee Schedule

(effective March 1, 2017)

**Pathology Faculty Discount (main PI on fund is pathology faculty) = 50%**

**ICTR-funded projects receive subsidized rates**

## CONSULTATIONS & START-UP FEES

Project Service Fee	TRIP Client Price:	UWCCC Member Price:
General Project Set-Up Fee	\$75.00	\$75.00
<i>Changes in project scope or direction may trigger additional labor fees at \$38.92/hour</i>		
Multiplex IHC Projects will incur an additional fee per additional antibody	\$58.38/antibody	\$58.38/antibody
ISH Project Set-Up Fee	\$150.00	\$150.00

**TRIP staff is available for project consults and for general troubleshooting of histology, molecular, and immunohistochemistry related concerns. Consultations lasting over 15 minutes will be invoiced at the hourly rate of \$38.92**

**Pathology consults can be arranged at an hourly rate of \$100.00**

### CONTENTS

Histology Services : p. 2

Molecular Services : p. 3

Imaging Services : p. 3

Fee-For-Use Equipment : p. 4

## HISTOLOGY SERVICES

Procedure:	TRIP Client Price:	UWCCC Member Price:
Process & Embed	\$5.52 +50% if manual processing	\$4.42 +50% if manual processing
Re-embed	\$5.24	\$4.19
Paraffin Sectioning (sections, curls, punches)	\$2.71 first slide/block, \$1.76 ea. add'l, +20% custom sectioning (incl. curls or punches)	\$2.17 First slide/block, \$1.40 ea. add'l,+20% custom (incl. curls or punches)
Frozen Sectioning	\$4.99 First slide/block, \$1.06 ea. add'l, +20% for custom sectioning	\$3.99 First slide/block, \$0.85 ea. add'l,+20% for custom sectioning
RNase-free Technique	\$16.07	\$12.86
H&E Stain - Paraffin (stain only)	\$6.71	\$5.37
H&E Stain - Frozen (stain only)	\$5.15	\$4.12
Tissue Decalcify	\$2.40	\$1.92
Special Stain I	\$9.42	\$7.54
Special Stain II	\$15.54	\$12.43
Special Stain III	\$20.24	\$16.19
Frozen Tissue Prep (per sample)	\$18.21	\$14.57
Slide Carrier: 2X, 5X, 25X, 100X	\$0.50 \$3.64 \$5.20 \$9.36	\$0.50 \$3.64 \$5.20 \$9.36
Immunohistochemistry (IHC)	\$40.71 per slide	\$32.57 per slide
Multiplex IHC per each add'l antibody	\$28.72 per slide	\$22.98 per slide
In situ hybridization	Project Dependent	Project Dependent
Tissue Microarray (TMA)	\$122.57 Setup first block per project, \$63.12 per add'l block	\$98.06 Set up first block per project, \$50.50 per add'l block
TMA Core Punches	\$7.40 each	\$5.92 each
Tissue Microarray Sections (TSB Inventory)	Tiered pricing, please inquire	Tiered pricing, please inquire
Retrieve/return/store blocks & slides	\$1.00 per block	\$0.80 per block
Unstained Control Tissue - single section	\$7.00	\$5.60
Unstained Control Tissue Microarray	Pricing in progress	Pricing in progress

## MOLECULAR SERVICES

Services	TRIP Client Price	UWCCC Price
Qual. / Quant. Real Time PCR		
Labor, Ancillary materials & reagents	\$96.27 per run	\$77.02 per run
Kit & Primers	Project Specific-Budget est. provided	Project Specific-Budget est. provided
Qual. / Quant. Real Time RT-PCR		
Labor, Ancillary materials & reagents	\$149.01 per run	\$119.21 per run
Kit & Primers	Project Specific-Budget est. provided	Project Specific-Budget est. provided
*DNA from FFPE Samples on Maxwell	\$13.31 per sample	\$10.65 per sample
*RNA from FFPE Samples on Maxwell	\$19.54 per sample	\$15.63 per sample
*For fresh tissue extractions contact TRIP Lab		
Short Tandem Repeat Analysis- cultured human cell lines(min. 2 million pelleted cells)	\$135.00 per sample	\$108.00 per sample
Short Tandem Repeat Analysis- extracted human DNA samples (min. 10ng/ul and min. vol. 10ul)	\$125.00 per sample	\$100.00 per sample
Sequencing, Bidirectional DNA	\$35.00 per PCR product	\$28.00 per PCR product
Agarose Gel Electrophoresis	\$25.00 per gel	\$20.00 per gel
Macrodissection, manual	\$16.00 per sample	\$12.80 per sample
DNase-free treatment	\$1.30 per reaction	\$1.04 per reaction
Laser Capture Microscope - performed by TRIP	\$98.92/hour + materials	\$79.14/hour + materials

## IMAGING SERVICES

Imaging System:	TRIP Client Price	UWCCC Price
Vectra Instrumentation	\$100/hour	\$80/hour
Vectra Labor - TRIP	\$38.92/hour	\$31.14/hour
Aperio whole slide scan 20X (performed by IT)	\$7.66/slide	\$6.13/slide
Aperio whole slide scan 40X (performed by IT)	\$19.18/slide	\$15.34/slide

Data Analysis:	TRIP Client Price	UWCCC Price
inForm/Nuance software station (self-service)	\$28/hour	\$22.40/hour
Training/assistance provided by pathologist*	\$100/hour	\$100/hour
Training/assistance provided by TRIP personnel	\$38.92/hour	\$38.92/hour

AQUA Services: *	TRIP Client Price	UWCCC Price
Whole Section Slide Analysis	\$200 per slide	\$160 per slide
TMA Slide:		
Per 0.55mm core	\$20	\$16
Per 1.0mm core	\$40	\$32
Per 1.5mm core	\$60	\$48

\* these charges are for evaluation services performed by a certified pathologist, NOT for the use of the AQUA equipment

## FEE-FOR-USE EQUIPMENT

**Equipment Usage:** Unless otherwise noted, **user provides reagents and consumables**

**Training will only be done by TRIP personnel (no exceptions), on an hourly rate of \$38.92**

Equipment Available on a fee-for-use basis	Models and/or Components	Room	TRIP Client Price	UWCCC Price
DNA Speed Vac	DNA120	L2/2062	\$5.00/usage	\$4.00/usage
Eppendorf mastercycler (3)	5345	L2/2062	\$10.00 per usage	\$8.00 per usage
Gel boxes & Power Sources (Agarose and TBE provided)	various	L2/2062	\$7.50 per gel	\$6.00 per gel
Hybridization Incubator	310	L2/2062	\$10.00 per usage	\$8.00 per usage
Hybridization System	ACD HybEZ	L2/2214	\$12.50 per usage	\$10.00 per usage
inForm Software Station *	Perkin Elmer inForm/Nuance software	L2/2214A	\$28.00 per hour	\$22.40 per hour
Nuance Scope System / Software *	Olympus Scope Nuance	L2/2214A	\$28.00 per hour	\$22.40 per hour
Laser Capture Microscope *	Nikon Eclipse scope / MMI CellCut System	L2/2062	\$60.00 per hour + materials	\$48.00 per hour + materials
Materials (cap & membrane slide)			\$25.00 (\$14 for ea. add'l cap)	\$20.00 (\$11.20 for ea. add'l)
Maxwell MDx-Promega	AS3000	L2/2062	\$10.00/usage	\$8.00/usage
Nanodrop Spectrophotometer	ND-1000	L2/2062	\$2.50 first reading, \$0.10 ea. add'l reading	\$2.00 first reading, \$0.10 ea. add'l reading
Roche LightCycler - real time PCR	2.0	L2/2062	\$10.00/usage	\$8.00/usage
Sorvall Centrifuge	RC5C Plus	L2/2062	\$5.00/usage	\$4.00/usage

\* Equipment may be reserved by online system

All other listed equipment may be reserved by contacting the TRIP Lab - [trip@pathology.wisc.edu](mailto:trip@pathology.wisc.edu)
